

ZONING

Law and planning professionals who craft clear, consistent, usable and defensible zoning codes that reduce barriers to achieving your community's vision.

Calfee Zoning is a national zoning consultancy with offices in Cleveland, Columbus and Cincinnati, Ohio, Indianapolis and Washington, D.C.

As advisers to both local governments and property owners, we provide a unique and invaluable perspective to assist you in crafting a zoning ordinance that better achieves a balance between private and public benefits and burdens, which results in more effective and defensible zoning regulations.

Our local government experts use our legal, planning, communications knowledge and experience to identify and eliminate the barriers to your vision and draft clear, consistent, usable, simple, and defensible land-use regulations that reflect your vision and achieve desired outcomes. Additionally, we audit and manage regulatory risk.
